Creating an outline is really about structuring your paper. Don't be too formulaic, but it can be helpful to follow patterns and guides. In high school you might have written three- or five-paragraph essays, and it's okay to use those same patterns for a college research paper, but be sure that whatever format you choose makes sense for your paper. If you have two main points in your ...

His writing style is utterly sublime. I got vagaries of Fitzgerald-in terms of writing style and their ability to put every single word to good use, with no spare sentences put adrift on the page-but unlike F. Scott, the story was as riveting as the prose. You can feel the tension seeping from the page as you read on.
